REPORT OF THE SCHOOL BOARD

To the Citizens of Plainfield:

The School Board respectfully submits the following report, ending February 15, 1913:

Receiving state aid this year, we were enabled to increase the length of our schools to thirty-one weeks.

The attendance during the summer and fall was excellent, but the winter term was much broken by sickness.

Again we urge upon the parents the duty of regular attendance, which presents a two-fold advantage; better work can be done when all the pupils are present and an increased sum will be received from the state.

In the way of repairs, the River and Spencer school buildings have been reshungled.

An Estimate of Expenses for the ensuing year, the Treasurer's Report and Roll of Honor follow.

Respectfully submitted,

MARY A. FREEMAN	} School Board
